Subject: Microsoft Settlement

It is long since time to get off the back of Microsoft and agree to the settlement as it stands. Microsoft has been good for our country by providing a means for many people to enjoy the technology. Those competitors who joined in this suit have not proven that they were damaged in any way. Please put an end to this suit and let Microsoft and the rest of the industry get on with the process and progress of doing business for the betterment of all of us.
